Aspiring Software Developer | Cloud & DevOps Enthusiast

CAREER OBJECTIVE

Motivated BCA (Cloud Technology & DevOps) student with a strong interest in software development, cloud systems, and backend technologies. Passionate about building practical applications and learning modern development practices. Seeking opportunities to contribute to real-world systems while continuously improving technical and problem-solving skills.

EDUCATION

NITTE Institute of Professional Education — BCA (Cloud Technology & DevOps)
(Pursuing)

Sri Govinda Dasa PU College — PCMC (2020–2022)

TECHNICAL SKILLS

Languages: Python, C# (Basic)

Web/Backend: HTML, CSS, Flask

Tools: OpenCV, After Effects

Concepts: Problem Solving, Machine Learning Basics, Backend Development

PROJECTS

To-Do List Manager (ASP.NET Core MVC, Entity Framework, SQL Server)

- Developed a web-based task management application using MVC architecture
 - Implemented core CRUD operations (Create, Read, Update, Delete) for task handling
 - Designed features for task creation, editing, deletion, and completion tracking
 - Integrated database using Entity Framework Core with SQL Server
 - Added search and filtering functionality for better task organization
 - Collaborated as part of a team to design and implement the system
-

CERTIFICATIONS

- **Network Support and Security** — Cisco Networking Academy (*April 2026*)
 - **Design Thinking** — HP LIFE (*Completed*)
-

ADDITIONAL INFORMATION / INTERESTS

- Video editing and creative content production
 - Interest in cloud computing, DevOps, and modern development tools
-
